Mr. S. Sibanda

Chief Investment Officer

Imara Asset Management Zimbabwe (Private) Limited

Block 2, Tendeseka Office Park

Samora Machal Avenue Eastlea

Harare

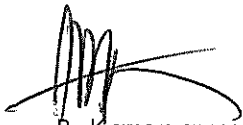

Dear Sir

SUPPORT FOR ADDITIONAL INVESTMENT INTO TDB ESATF STRUCTURE AND INITIAL DEPLOYMENT INTO THE DOMINIUM GLOBAL FUND (DGF)

1. We refer to your application wherein you requested approval to invest additional offshore funds into the TDB Eastern and Southern African Trade Fund and the Dominion Global Fund (DGF) for your clients.
2. Following the assessment of your submissions and the information provided by the funds' administrators, the Commission has approved a total of US\$ 4,865,000, being US\$2,788,000 to be invested in DGF and US\$2,077,000 in TDB ESATF, on behalf of 28 pension funds listed in **Annexure A**.
3. In approving your request, we have considered that the post-investment exposure for the respective funds will remain below the 15% cap prescribed in the Investment Guideline.
4. The Commission could not approve an offshore investment for IMARA Capital Pension Fund and Medicines Control Authority of Zimbabwe. Their current offshore exposures are currently at 10.85 and 12.55%, respectively.

5. If we had approved the proposed investments by the two funds, the post investment offshore exposure would have been at 19% and 20%, respectively, which is a breach of the 15% limit for offshore exposure.
6. Please be reminded that prior to repatriating the funds offshore, you are required to approach the Reserve Bank of Zimbabwe through your authorised dealers.
7. Additionally, we require that the expenses chargeable to the pension funds by local asset managers remain within the limit of 0.8% of assets under management.
8. Furthermore, we kindly request that you provide us with biannual updates on the investment performance.

Yours sincerely,

B. Kazengura (Mr.)
